

## ABOUT US

The LMproject dance company was developed in the summer of 2005 by a group of dancers in New York City who were looking to spread their knowledge of dance and movement to children who were eager to learn how to move.

Since working with The Fairfax Arts Council and The International Children's Festival, LM has broadened their educational programming to schools, festivals, and other organizations. LMproject has performed in schools throughout the East Coast. They are dedicated to bringing their love of the arts to all students, and have used special funding to perform at Title I schools in areas where the students do not have access to live performances. LM highly believes that a strong passion for the performing arts can be appreciated through performance but achieved through participation. They aim to showcase different styles of dance and music while displaying the variety of ways in which these expressions can interact

LMproject was designed to create an outlet for creativity and inspiration through movement, instill a sense of confidence and spread a love for dance and passion of performing through our hands on learning experience.

# WHAT STUDENTS SAY

*"LM was probably the first serious musical theatre program that I ever participated in. Their love, support and intensity gave me the skills and the confidence I needed to continue to pursue musical theatre. I love LM!!!"*

-Rachel

*"I have learned the importance of doing what you love and loving what you do. Even if I don't pursue a theater career, this message will stay, and I will always have a love and passion for the stage"*

-Keenan

*"LMproject is much more than just a camp. It is a place where creativity, self-discipline, passion, love and musical theater come together. Each summer is a new experience. The staff is always inventive and looks for ways to improve each individual student. LM gives a taste of Broadway and NYC in your own backyard. I am thankful for the staff, and coming to camp for all these years. LM isn't camp. It is home."*

-Taryn

*"They have helped me develop so many important skills! I have learned so much, gained confidence, and had fun in this program. It has helped me prepare for auditions so I can walk in feeling ready to go and confident! I've made so many great friends and memories at LM! The instructors are fantastic! They are encouraging and kind but they make you work hard. I would totally recommend going to LM! I promise you'll learn a ton and love it!"*

-Sophia

*"The other kids have given me so much confidence. There is nothing but love at the camp....It is such a safe environment to make mistakes – sometimes a lot."*

-Maggie

# WHAT YOU'LL LEARN

## TWO ELITE WEEKS! BY AUDITION ONLY!

Bringing the highest level of training in a short time period, we audition the best in the area for the chance to learn from NY level talent. We spend the first week teaching the building blocks of becoming a triple threat! Full dance classes, emphasis on HEALTHY singing, combined with established acting technique are incorporated into a stand-out, tailor-made performance at the end of week two!

## COLLEGE-PREP TRIPLE THREAT TRAINING

We feel that in order to become the best performer you can, you must have the ability to merge the 3 main disciplines (Acting, Singing, and Dancing) into a single performance. We spend time assessing strengths and weaknesses in these areas, pushing to overcome those weaknesses, and help integrate all three into a cohesive, seamless, effortless performance. Audition Technique Workshops, Headshots, Individual Solo and Monologue training, Dance, Stage Combat training, and Q&A sessions from past and current Broadway, National Touring, and Film/TV instructors combine to create a one of a kind training program here in Northern Virginia!

**THIS IS THE BEST PROGRAM I HAVE EVER DONE!**
